- X-POD TRANSOM DESIGN

REAR MODULE

The Flex FSX module gives the best of both worlds with a 21 gallon [80 L] livewell, two jump seats, underseat storage, and a ski pylon base (ski pylon available separate for purchase).

The Flex 29 is a rear module divided in two sections - a 29 gallon [110 L] livewell on one side and additional storage on the other.

The Flex 50 module is all about catching fish, since it comes with a 50 gallon [190 L] livewell.

AVAILABLE WITH

- TRADITIONAL OUTBOARD ENGINE ON 180X, 190X, 200X AND 210X
- ALUMATRAC ACCESSORIES

FEATURE HIGHLIGHTS

STORAGE SOLUTIONS

The Competitor models feature a stepped storage compartment in the cockpit that allows for max capacity and still great access to water. All Competitor models feature a rod storage locker, insulated cooler, and abundant gear storage.

REDESIGNED CAPTAIN'S HELM

Provides improved integration of both switching and electronics and uses injection-molded plastic materials to enhance the overall fit and finish. Comes standard with a 7" [178 mm] Garmin digital display, NMEA network, and the option to install up to two 12" [3.66 m] graphs behind the windshield.

X-PODS

These transom extensions wrap around both sides of the engine and feature convenient, in-floor storage compartments. The additional 16" [406 mm] of space gives you more standing room and water access at the stern, and easier handling.

COMPETITOR SHADOW SERIES PACKAGE

Elevate your Competitor with a distinctive combination of custom Shadow Series upholstery, upgraded seating and cushions, enhanced lighting, and a 36V kit. Available across all exterior colors, this package adds a refined look and premium finishing touches from bow to stern.

ALL-NEW PROCORE™ SYSTEM

Our patent pending fuel reservoir system integrates the battery storage in its center. Designed to optimize balance and stability while you're on the water.

BOW CONTROL CENTER

The new bow control center gives you the option to mount up to a 12" [3.66 m] graph and includes a tool holder, cell phone holder with a USB charging station and a trolling motor foot pedal well.
