2025 CATALOG

LOVE YOUR CRAFT

At Alumacraft, we build our boats to refine the experience, so you can spend your time where it matters - catching fish. We enjoy sharing our love of fishing and nature, and we are proud to support our fishing communities, nurturing new talent and inviting more people to join our passion.

Whether it's a planned adventure or a spur of the moment trip, we know that fishing is more than the thrill of a great catch. It's not a hobby or pastime - it's love.

You sweat your craft, so we sweat ours.
Meet the new Alumacraft boats.

CATCH YOUR LIMIT WITHOUT LIMITS

For over 75 years, Alumacraft has had a rich history of building memories and shared experiences with family and friends.

As passionate anglers and boaters, we know that there's no one way to fish, no one way to be on the water. But whatever you're looking for out there, we're there to help you get there.

THE ALUMACRAFT LINEUP

We build and design aluminum boats to refine your experience – making it smoother on and off the water and as hassle-free as we can make it. So you can use your energy where it counts – catching fish.

FISH & SPORT

Introducing the new generation of Fish and Sport models. Our most popular models have been redesigned for 2025. You'll still get all the advantages of our class-leading 2XB™ Hull, along with unmatched versatility, more functional space and a modern new design.

MULTISPECIES

From Mille Lacs to the mill pond, passionate anglers know an Alumacraft multispecies boat is the best tool for the job. Hunt a monster muskie, take the tournament with that last-chance walleye, or toss a worm to sunnies with the kids. These boats are designed by experts to help you catch more fish.

HUNT & UTILITY

When you need to go way out there, count on a rugged boat from the Alumacraft Hunt & Utility series to get you there and back. Our toughest models are easy to transport to remote hunting and fishing grounds, and they look the business.

ANGLER'S EDGE

WHAT IT'S ABOUT:

Ever wondered what makes a professional angler tick?

Deep dive into a three-part portrait of our Alumacraft ambassadors. These renowned fishing personalities are at the top of their game, proudly sharing their passion and passing on their knowledge to a new generation of anglers. See them each in their element as they cast lines on their home lakes in Wisconsin and Northern Ontario, and see why Alumacraft is their vessel of choice for work, play, and living the dream.

JAY SIEMENS

Jay turned his fishing passion into a career. The Alumacraft Competitor delivers the performance and comfort he needs for filming or family fun.

 [jay_siemens](#)

REBEKKA REDD

Independent and accomplished, Rebekka Redd thrives on pushing limits. The Alumacraft Trophy is her escape boat, perfect for reconnecting with nature.

 [rebekkaredd_outdoors](#)

KRYSTEN POTEGA

Fish or no fish, Krysten Potega finds peace on water. See how Alumacraft boats give her the freedom to explore and share her passion with loved ones.

DESIGN

SIGNATURE NEW LOOK

Built upon Alumacraft's rich heritage, the new generation of Alumacraft models features a dynamic curved gunnel and onboard fit and finish, and provides improved ergonomics to enhance the overall experience on the water.

NEW COLORS

Available in four eye-catching new colors: Garnet Red, Stratus Gray, Azure Blue and Nightfall Black. See corresponding model pages for specific color offerings by model.

1 >

CURVED GUNNEL

A stylish curved gunnel gives the boats a dynamic new stance that instantly becomes an unmistakable Alumacraft signature.

2 >

REDESIGNED CAPTAIN'S HELM

Throughout the design process, ergonomic considerations were incorporated into the new helm design. The completely redesigned console is built to last, with better integrated switching and electronics using injection-molded plastic that overall delivers much improved fit, finish and durability.

3 >

ALL-NEW BOW CONTROL CENTER

At the bow control center, you'll find a USB charger and dedicated holders for your phone, tools, and cup. Plus we've added an integration point that holds any flush-mounted graph of up to 12". We've also created a recessed compartment with a removable lid that's custom-designed to house the trolling motor foot pedal, making your onboard setup much cleaner, and keeping your pedal securely in place.

4 >

Only available on the new generation Trophy and Competitor models unless otherwise specified.

RIVETED V-HULLS

SUPERIOR DURABILITY

Hit the big water with our industry-leading Riveted V-Hull design. Engineered for a comfortable ride and responsive control on the water, our Riveted V-Hulls are made to last for generations.

2XB HULL

Our exclusive 2XB, double-plated hull dramatically reduces sound and vibration, paired with larger aircraft grade rivets and a seamless one-piece hull bottom, which means a soft, quiet and dry ride, even in rough water.

1 >

AQUADYNAMIC HULL DESIGN

Our Aquadynamic design of our gull-wing-shaped hull results in quicker planing, better handling, and superior boat control even in harsh conditions.

2 >

ONE PIECE HARDENED CENTER KEEL

A deeper, one-piece keel adds structural integrity and improves handling, tracking and control in all conditions.

3 >

REVERSE DISPERSION SPRAY RAILS

Large, reverse-dispersal spray rails deflect water down and away from the boat more effectively for a drier ride in rough water.

4 >

AIRCRAFT GRADE RIVETS

Larger rivets mean greater inherent strength. Fewer rivets are needed and fewer holes are drilled that could compromise the watertight seal.

5 >

SINGLE PIECE SURFACE

One-piece construction delivers superior strength over the competition's multipiece hulls. Our hull allows for proper keel placement so the prop turns in pure, non-aerated water.

HELM CONFIGURATIONS

READY TO TAKE THE WHEEL?

We've fine-tuned a range of clever helm configurations all designed to make every fishing expedition extra comfortable, convenient, and enjoyable.

SPORT CONSOLE: FULL WALK-THROUGH WINDSHIELD

Big-time fishing meets serious comfort. Built for convenience and performance, the walk-through windshield will keep you and your passengers warm and dry. When the weather turns, easily snap on a full enclosure kit for added coverage.

Package Availability:

Trophy, Competitor, Voyageur, Classic
1 >

SIDE CONSOLE: STARBOARD CAPTAIN HELM

Crafted to deliver no matter the conditions, our side console models are versatile machines that offer space, comfort and the ultimate fishability. Take advantage of adjustable layouts, well-designed side console helms and plenty of storage for you and your crew.

Package Availability:

Competitor, Voyageur, Classic, Escape
2 >

TILLER: PORTSIDE STERN CONSOLE

Perfect for every angler, guide or weekend cruiser, our tiller models offer a traditional and premium fishing experience. Command the water in your own style with an open cockpit, impressive control, great maneuverability, and high-octane performance powered by engines up to 200 HP.

Package Availability:

Competitor, Voyageur, Classic, Escape,
V-Series

ELECTRONICS INTEGRATION

TECH DESIGNED TO ESCAPE TECH

Alumacraft is leading the way by offering a more seamless level of electronics integration. Designed with the user experience in mind, you no longer have to worry about adding expensive mounts or having an obstructed view. We know how important electronics are, so we put extra focus on enhancing the integration of these tools throughout the boat.

BOW CONTROL CENTER FLUSH MOUNTS UP TO A 12" GRAPH*

To make sure you don't miss any of the action happening underwater, the all-new bow control center now has an integration point that holds any flush-mounted graph of up to 12" so you can install your favorite fish finder.

1 >

STANDARD 7" GARMIN DIGITAL DASH AND NAVIGATION

Once you settle into the captain's chair, you'll find all your boat performance data right at your fingertips with an all-new digital dash that comes standard on all Trophy and Competitor models with a 7" Garmin digital display and NMEA network.

2 >

SPACE FOR TWO 12" GRAPHS MOUNTED AT THE HELM*

The new console design allows you to cleanly and easily install up to two 12" graphs behind the windshield with zero impact on driver visibility. We rethought the positioning of all the switches and controls, so everything is easily accessible from the driver's seat, without having to reach for it.

3 >

Only available on the new generation Trophy and Competitor models.
*Optional graphs are sold separately.

ENGINE OPTIONS

THE CHOICE IS YOURS

Alumacraft boats give you more outboard engine choices than any other aluminum fishing boat. Choose from the new Rotax S with Stealth Technology or a wide selection of traditional outboard engines.

ROTAX S

THE WORLD'S FIRST OUTBOARD ENGINE FEATURING STEALTH TECHNOLOGY

Tucked below the MAX Deck platform, the seamlessly integrated outboard adds more casting space on the boat with all the benefits of a traditional outboard.

STEALTH TECHNOLOGY

The Rotax Stealth Technology available with the New Generation of Alumacraft is smooth and incredibly quiet, at any speed.

CLEANER*

The cleanest combustion engines on the market, thanks to a 12% reduction in reportable emissions, and close to 98% reduction in carbon dioxide at idle.

HASSLE-FREE

Requires no oil changes, no break-in period and offers one-touch winterization or auto storage to extend your boating season.

POWER DELIVERY

Efficient power delivery throughout the operating curve means class-leading performance when towing and at full capacity.

COST OF OWNERSHIP

Boaters will enjoy super-easy routine maintenance and unprecedented total cost of ownership, with inspections only needed annually, and no dealer scheduled maintenance required for the first 5 years or 500 hours.

TRADITIONAL OUTBOARD ENGINE

IT'S ALL ABOUT OPTIONS

Choose from a wide selection of traditional outboard engines that are rigged to the transom of your Alumacraft.

Rotax S is only available on the Trophy 175X, Trophy 185X, Competitor 175X Sport, Competitor 185X Sport, Competitor 175X Side Console and Competitor 185X Side Console.

*Best-in-class emissions and fuel efficiency claims are based on BRP-conducted internal testing.

MAX DECK

MORE ROOM TO WRANGLE

When opting for a boat powered with the Rotax S, you unlock access to the optional MAX Deck, giving you a truly one-of-a-kind boating experience!

MORE SPACE TO FISH

The MAX Deck provides an additional 25 sq ft (2.32 sq m) of fishing and recreational space, giving you more space for casting and reeling in your catch!

1 >

FUNCTIONALITY

The added space of the MAX Deck adds another level of functionality. Equipped with LinQ attachment mounts, you can safely mount a LinQ cooler or dry box. Plus there are two pedestal seat bases for added seating flexibility!

2 >

EVEN MORE STORAGE

Two unique storage compartments offer additional storage for dock lines, fenders and more.

3 >

The MAX Deck is only available on the Trophy 175X, Trophy 185X, Competitor 175X Sport, Competitor 185X Sport, Competitor 175X Side Console and Competitor 185X Side Console when powered with Rotax S.

1

2

3

X-PODS

MAXIMIZED SPACE

The X-Pods are a unique transom design that gives boaters improved standing room and water access at the stern, with an added bonus of additional storage.

16" OF ADDITIONAL SPACE

The additional 16" [0.4 m] of space gives you more standing room and more space for fishing, without extending the overall length of the boat.
1 >

WRAP AROUND THE ENGINE

These clever transom extensions wrap around both sides of the engine and improve overall buoyancy.
2 >

BETTER WATER ACCESS AT THE STERN

Better water access at the stern allows for easier handling and management of shallow-water anchors, swim ladders and kicker motors.
3 >

IN-FLOOR STORAGE

Two convenient in-floor storage compartments provide additional storage space.
4 >

Only available on the new generation Trophy and Competitor models.

FLEX MODULE SYSTEM

INNOVATIVE LIVEWELL AND SEATING CONFIGURATIONS

This revolutionary innovation in the rear cockpit area gives you the freedom to choose the onboard layout that best suits your needs. And if you want to switch it up at some point, just head into your local dealer and select a different module. It's that easy!

CHOOSE FROM 3 QUICK-INSTALL REAR MODULES

FSX MODULE*

The Flex FSX module gives the best of both worlds with a 21 gallon livewell, two jump seats, underseat storage, and a ski pylon base [ski pylon available separately for purchase].

1 >

FLEX 29 MODULE

The Flex 29 is a rear module divided in two sections: a 29 gallon livewell on one side and additional storage on the other.

2 >

FLEX 50 MODULE

The Flex 50 module is all about catching fish, since it comes with a 50 gallon livewell.

3 >

Only available on the new generation Trophy and Competitor models.

*Flex FSX module not available with Competitor Tiller helm configuration.

STORAGE

MAXIMIZED STORAGE THROUGHOUT YOUR BOAT

Alumacraft boats are designed to provide ingenious storage solutions and functionality, ensuring everything has a place including bow dry storage, dedicated tip out tackle tray storage, and rod storage.

DRY STORAGE COMPARTMENT

Two dry-storage compartments are the ideal solution to hold all your gear. They're made with rotomolded plastic for extra durability, include a drain for when you need to store wet items, and are lined with new, quick-drying marine mat material.

1 >

LOCKABLE STORAGE

All of the storage compartments are lockable, to keep all your boating gear safe and protected when not in use, giving you added peace of mind when traveling and storing your boat.

2 >

ROD STORAGE

Lockable rod storage in the bow conveniently stores all of your rods in an easy to access area. Additional quick-access rod storage is located on each side of the bow control center, along with even more rod storage in the cockpit.

3 >

BOW LIVEWELL

So you don't always have to haul your catch to the back of the boat when you're fishing off the bow, the bow offers a 21-gallon livewell.

4 >

FOOTREST STORAGE COMPARTMENT

We've improved the ergonomics under your feet with an angled footrest, so you can keep both feet comfortably planted no matter how hard you're driving to get to your secret fishing spot! As an added bonus, the footrest also opens up to reveal a handy storage compartment.

5 >

BATTERY COMPARTMENT STORAGE

The starting and house batteries are centered under the cockpit, and space for three trolling motor batteries is located under the bow rod storage compartment. With these generous battery compartments, you'll have all the juice you need to power your day.

6 >

SIDE STORAGE COMPARTMENTS

Includes tip-out tackle tray [Trophy] and step storage [Competitor].

Optimized side storage allows you to bring all of your extra stuff for the day. The Trophy model offers full-height storage compartments, where the upper compartment on the port side easily accommodates rods of up to 10 feet, and the lower compartment has a handy tip-out tackle tray. The Competitor model offers stepped storage compartments that you can kneel on to get closer to the water and that accommodate rods of up to 10 feet, plus a 46-quart cooler in the starboard side.

7 >

Only available on the new generation Trophy and Competitor models.

ACCESSORIES

ALUMATRAC

MOUNTING SYSTEM FOR ALL YOUR FISHING GEAR

Heavy-duty and easy to take on or off, this high-quality machined aluminum system fits as good as it looks. Perfectly calculated tolerance allows custom accessories to be easily loosened and moved along the gunnels for a versatile on-water experience.

FENDER HANGER STRAPS

Attach your favorite style fender to keep cleats clear for mooring ropes and protect against dock rash.

ACCESSORY POUCH

Perfect for storing sunscreen, bug spray, maps and much more.

ROD HOLDERS

Keep your fishing rods in place when traveling, bobber fishing or trolling.

CUP HOLDERS

Great for adding additional holders to put your can or bottle when the fish is on.

TOOL POUCH

Holds your fishing tools like pliers, jaw spreaders, and forceps for easy access.

LINQ ACCESSORIES

GET THE MOST OUT OF YOUR DAY ON THE WATER

Choose from a variety of LinQ accessories to enhance your time on the water. Set up your boat specifically for your needs with many easy-to-use products that can be located nearly anywhere in the boat.

FRONT STORAGE ORGANIZER

Ideal storage solution for those who like to keep their fishing gear organized, store PFDs and more!

LINQ LITE MULTIPURPOSE BAG

Stay organized on fishing trips with the LinQ Lite Multipurpose Bag. Featuring our quick-locking LinQ system, this versatile bag is designed with a tackle compartment and pockets for your fishing essentials.

LINQ LITE RAIL AND SINGLE MOUNT

These versatile holders allow you to install select LinQ Lite accessories throughout your boat (or garage), offering easy and convenient storage solutions. With one to five mounting points, you can get creative with your storage and hanging options.

LINQ COOLER

Keep refreshments cool with an insulated, water-resistant LinQ Cooler that attaches to the MAX Deck for easy access and storage. Choose from the LinQ 51L [13.5 gal] or LinQ 43L [11.4 gal]. Both are highly rigid and durable with heavy-duty latches to withstand the marine environment. High-quality foam insulation keeps items cooler longer while the LinQ attachment makes installation and removal from the MAX Deck quick and effortless.

LINQ LITE ACTION CAMERA HOLDER

Offering 360-angle positioning for perfect filming and taking photos, the LinQ Lite Action Camera Holder is designed to hold devices securely, and allows for fast, easy attachment and removal.

LINQ MODULAR CARGO BOX

Available in 10, 20 and 30L capacity, this hard-sided modular cargo box offers heavy duty construction with a weather-resistant sealed lid. Perfect for storing and transferring all your snacks, tackle and necessities from your truck to your boat.

Additional accessories can be found at Alumacraft.com.

ENGINE OPTIONS

Alumacraft gives you more propulsion choices than any other aluminum fishing boat. Choose from the new Rotax S with Stealth Technology or any of the traditional outboard engines on the market today.

ROTAX S

Enabling the new Competitor transom and deck design, the optional Rotax S Outboard Engine is seamlessly integrated and delivers more usable space, and is offered in a 115 and 150 HP option on the 175 and 185 lengths.

TRADITIONAL OUTBOARD ENGINES

Traditional outboard engines are available on the 175, 185, 195 and 205 lengths, providing you with a wide selection of models that can be rigged to the transom of your Alumacraft.

ACCESSORY BUNDLES

GET OUT AND FISH

High-value fishing accessories such as rod holders, casting seats, and Alumatrak accessories

- Casting seat
- 36 volt battery kit
- Alumatrak clamp - plastic x2
- Alumatrak clamp - aluminum x2
- Cannon rod holder x4
- Tool pouch x2
- Lure box pouch x2

FAMILY COMFORT

Sporty, recreational feature package that offers items such as a Bimini top, bow cushions, and snap-in cockpit flooring [MarineMat or carpet]

- Bow deck cushions
- Snap in MarineMat or carpet
- Bimini top

INTERIOR LUXURY

Upgraded items that include captain's chairs, additional pedestal seats, and bow cargo nets

- Captain's chairs x2
- Lighting upgrade
- Bow cargo nets
- 4th standard seat [175X and 185X]

OUT-PUNCHES ITS CLASS

Here's proof you don't need a big boat to catch big fish. In a Voyageur, you'll enjoy a comfortable ride and economical performance with the elbow room you'd expect from a bigger rig.

- 1) Starboard rod storage
- 2) Deluxe seat with slider
- 3) Cockpit floor storage

For all Voyageur length and helm configurations, please visit: alumacraft.com, or see page 55.
